Why I decided to become a donor?

At my work, a colleague who couldn't have a baby for a long time got into a conversation with me, we discussed it for a long time, and at one point she started crying. Then I felt that if I had the opportunity, I would save all the women in the world from this problem! Later, I forgot about this conversation, but I remembered it when my friend told me about how she became an egg donor! That's when I decided I wanted to, too)Of course, I'm lying if I say that I'm not motivated by a monetary reward for this action, but I can clearly say that this keeps pace with my desire to simply help someone feel like a parent one day!

My most vivid memory from childhood

How Dad used to pick me up from kindergarten every day in winter, lie in the snow with me, play, and build snow slides!

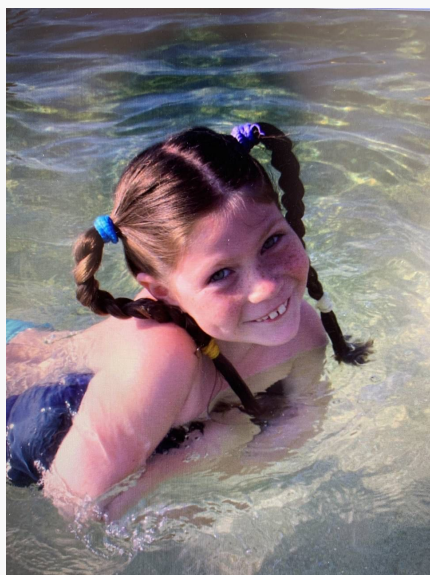

Personal motivation (scanned essay sheets)

множество эмоций, смеха и впечатлений.

Август. В августе я отправилась на море со всей семьей. Мы много купались, а мои друзья гуляли по набережной в поисках самого вкусного шашлычка, это семейная традиция, каждое лето мы устраиваем конкурс ресторанами Крыма на лучший шашлык :) Несмотря на то, как я была счастлива со своей семьей в жарком море, меня тянуло в Интернет лишь только что зародившаяся влюбленность, которая вспыхнула в конце второй части моего рассказа, но о которой я решила умолчать. В конце августа я вернулась домой, и конец лета провела в романтических прогулках, интересных свиданиях и трепетных моментах.

Лето это время для погружения в детские радости, влюбленности в жизнь, и не только. Я была счастлива прожить такое насыщенное лето!
