The most hilarious moment in life

There are many of them, and it is difficult to choose one. Once I was making a cake at my mother's and there was a lot of cream left. My sister often threw a cake at her birthday party. My sister comes in, sees the cream and without hesitation throws it at my mother, so the cream war began. The whole kitchen was covered in cream(it's a good thing I didn't have to clean it up)

The event or moment I regret about the most

When I was 3-4 years old, I called my mother a bun because she was fat. My mother doesn't remember it, but I'm really ashamed and sorry that I said that

Why I decided to become a donor?

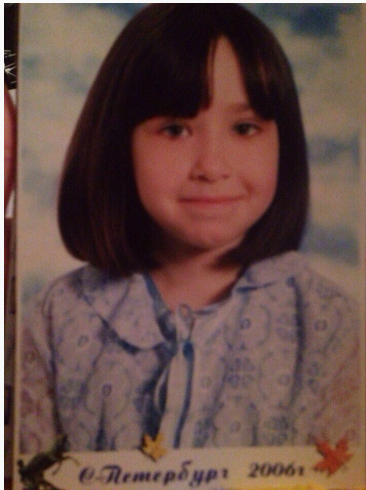

Interesting experience and rewards. It's nice to think that I can help someone become happier. I love children very much, I have a bunch of nephews with whom I sometimes spend time. I love children, but I would hardly take such a serious and responsible step myself. But I will be happy if other people who want to do it can do it.

My most vivid memory from childhood

When I was 4 years old, for the new year, my sister and I received as many as three sweet gifts for everyone
