My most vivid memory from childhood

**Until I was 7 years old, my family and I lived in the country. In my sister's room, the window looks out on the roof. I was 5-6 years old when we first decided to go out on it. We liked it so much that the next morning, before kindergarten, I went to her place to climb, it was very heavy rain, but I didn't care. The roof connected to the next one, and as soon as this one ended, another one went straight to the top, so there was no way to fall. But here's getting into the rain, too. I was in my underwear and for 10 minutes we tried to get me. In the end, everything turned out so well that no one suspected anything**

Personal motivation (scanned essay sheets)

Это лето стало для меня незабываемым и насыщенным приключениями. Я провела большую часть времени на открытом воздухе, наслаждаясь красотой природы, открывая новые места и возможности в различных видах спорта. Встречи с друзьями и любимая вечерняя прогулка стали особыми моментами этого лета. Лето промчалось так быстро, но оставляет яркие воспоминания.
