Why I decided to become a donor?

It is important to me that there are even more people who choose the IVF method-not alone, but who choose IVF with donor material. I admire such people for being flexible enough to become parents.

My most vivid memory from childhood

When my aunt arrived from Latvia and gave me a teddy bear and a disc with a Nutcracker.

Personal motivation (scanned essay sheets)

Появление ребенка на свет - важный и ответственный шаг. Семейная пара, которая осознала, что готова к такому решению должна иметь в виду, что их жизнь потечет иначе.

Если вы уже на этом пути, то желаю вам овладеть таким навыком, как эмпатия.

Под этим словом понимается умение чувствовать своего малыша, понимать и любить его. А также понимать и заботиться друг о друге; разговаривать, делиться тем, чем хочется; спрашивать и обсуждать о том, что волнует.
